Community Projects - South
Kannara Project - Agr. - chemical
Fertilisers - Rebagging expenditure -
Sanctioned.

From
Sri. H. Narasimha,
Project Executive Officer,
South Kanara, MANGALORE.

Sir,

COMMUNITY PROJECT--South Kanara--Chemical fertilisers--
Storage and supply--Vacating of godown--Rebagging and transfer of
fertiliser--Expenditure--Sanction of--Request.

At present there are four godowns engaged by the Community Project at Mangalore Head Quarters for stocking the fertilisers. But as the present stocks are low and no large scale fresh supplies are expected, there is no need to keep all the godowns incharge of the Community Project. The only fertiliser now available at Community Project godowns is Triple Super Phosphate, which can conveniently be stored in 3 godowns, vacating the fourth. It is proposed to vacate one godown which contains only 71 tons of Triple Super Phosphate rented at Rs.160/- per month.

I, therefore, got rebagged the entire quantity of fertiliser at the godown to be vacated and ordered issue of stock only from this godown after rebagging the stocks. The owner of the building has also been served with a notice that the building will be vacated on the Afternoon of 31-3-1955. The stock remaining unsold on 31-3-1955 in the godown will be transferred to the Main godown and the building will be handed back to the owner.

A sum of Rs. (550-9-0) five hundred and fifty and annas nine only has been spent towards the cost of rebagging of 71 tons and 4 bags of Triple Super Phosphate in the godown for issuing the to dealers and for transfer to outside Community Project area as per Govt. orders.

I, therefore, request that the expenditure incurred by me in anticipation of Govt.orders may kindly be ratified. I shall report further expenditure for shifting the stock to the main godown by the end of the first week of April 1955.

I request that my action in having issued notice for vacating the building may also be kindly be approved.

Yours faithfully,

H. Narasimha
Project Executive Officer.
